

-HAPPY END- (lyrics : Thibaud DUMAINE)

When you have some trouble,
Sometimes you make it double.
Now, you have nothing to lose,
It's time to break the bad blues.

*(So here we come again,
Together, we'll move mountains.
With You by our side,
It comes just at the right time).*

Ev'ryday is like today,
I wish it here and now.
We're on good way,
" All's well that ends well! "

Refrain 1 : *(I wanna feel it
I wanna hear it
I wanna see it from everywhere.
I wanna need it
I wanna keep it
I wanna sing it everyday.
I can give
I can receive
Yes, I believe anyway!
I get ready
Let's party
I feel so happy night and day).*

Bridge : *(Clap your hands together) x 4*

Refrain 2 : *(I wanna feel it
I wanna hear it
I wanna see it from everywhere.
I wanna need it
I wanna keep it
I wanna sing it everyday.
I can give
I can receive
Yes, I believe anyway!
I get ready
Let's party
I feel so happy night and day).*

Praise break : *(Happy end,
Hallelujah, happy end, happy end) x 4*
